

Friday Morning, June 16, 2023

7:00-7:30am Registration and VIP Reception

7:40am **THE CONFERENCE BEGINS**
– Welcomes /General Announcements

7:45-7:55am **Yes -- Still Under Surveillance: Some of the Best Highlights from the Past Year's Eagles' Surveys and Weekly ZOOM Rooms**
The August One Returns (Eagles Librarian, Dr. Jim Augustine)

EMS and the O.B. Patient: What Do EMS Medical Directors and Responders Need to Know ?

8:00-8:20pm **It Ain't Over Till It's Over: Why Does EMS Always Need to Consider the Potentially Lethal Post-Partum State in the DDX ?**
David A. Miramontes, MD, NRP (San Antonio) and Benjamin W. Weston, MD, MPH (Milwaukee)
O.B. Wand Kenobi's: What's the Rationale and Value of Midwifery Consultants in the U.K.?
Fionna P. Moore, MD (UK)
What's a Philly AR-4 For? The Rationale and Value of Alternative Responses for Obstetrical Cases in Philadelphia
C. Crawford Mechem, MD (Philadelphia)

Top 5 Do's and Don'ts for the Doers: What Thoughtful Thought Leaders Are Thoughtfully Thinking About Thoroughly

8:25-8:45am **Passing Along a Potpourri of Precious Pediatric Pearls from the PECARN: Benzo Doses / Routes / Spinal Clearance, etc**
J. Joelle Donofrio-Odmann, DO (San Diego)
Premier Practices and Practicalities for Pragmatic Prehospital Professionals: ABx, Fem IO, Defib Vectors, Whole Blood, etc
Peter M. Antevy, MD (Florida NAEMSP)
Practice Changing Studies --- That You Should Ignore & Throw Out the Door: RePHILL, ROC ITD, PARAMEDIC2, AHA PALS
Peter M. Antevy, MD (Florida NAEMSP)

Making Poor Quality of Care More Rare: Why Does Prehospital Care and Data Have to Be Better Linked to the Hospitals ?

8:50-9:00am **Drugs for Bugs Among the Pharmaceuticals We Lug: What's the Rationale, Benefit and Downside of EMS Giving Antibiotics ?**
Douglas F. Kupas, MD (NAEMT/NAESMP) and Paul R. Banerjee, DO (Polk County)

9:00-9:05am **Keeping Pace During Emergency Department Turnovers: Why Does EMS Needs to Improve ED Transitions with Pacemakers?**
Michael K. Levy, MD (Anchorage)

9:15-9:20am **Remarkable Remarks: What Might the Bystanders and Cardiac Arrest Survivors Be Telling You --- But Only If You Asked**
Stephen G. Sanko, MD (Los Angeles)

9:25-9:30am **Scenic Photo-Ops: Can Those On-Scene Use Mobile Phones to Stream Images and Videos to the Dispatcher Call Centers ?**
Fionna P. Moore, MD (UK)

9:35-9:40am **Hitting the Wall with Wall Time: Improving the Metrics & Measurements of Patient Off-Loading for EMS – and the Public at Large**
Kevin E. Mackey, MD (Sacramento) and Kenneth A. Schepcke, MD (West Palm & Palm Beach County)

9:45-9:50am **Dashing Through the Know: What Are the Data Dashboards that EMS Agencies Should Consider, Including Key Demographics ?**
Benjamin W. Weston, MD, MPH (Milwaukee)

9:55-10:00am **Engineering a Systematic System Size-Up Systematically: CQI from a Engineer's Point of View**
Robert A. Lowe, MD (Columbus)

10:00 -10:25 am **TAKE A BREAK** – 1200 seconds of Whatever You Still Need to Do – AND VISIT THE EXHIBITORS !

Unless You've Been There, the Future Can Be Hard to Predict: But this Group Has Always Done It Pretty Well !

10:30-10:55 am **This One Will Not Be So Anti-Climactic: How Climate Change and Related Factors Will Significantly Impact EMS - and Society**
Aileen M ("Smarty") Marty, MD (Miami)

The Whether (or Not) Forecast: What Do the Infectious Disease Experts Predict for us in 2023 and 2024
Jonathan ("Can-Do") Jui, MD, MPH (Portland)

Death and Dysaurea: Why Does EMS Need to Know About a Fungus Among Us Like Candida Auris?
Randy S. ("Take It to the Mats") Katz, DO (Hollywood)

11:00-11:10am **Homing in on PEH Demographic – The Escalating Problem of Persons Experiencing Homelessness**
Stephen G. Sanko, MD, Tiffany D. Abrams, MD (Long Beach), CJ Winckler, MD (San Antonio) >>>

11:15-11:25am Take Me to Your Leader!

*What Are the Prevailing Priorities, Precedents, Premonitions and Predictions Pre-occupying the
The Prescient Presidents of our Premier Practice Professions*
Christopher S. Kang, MD (ACEP) and José G. Cabañas, MD, MPH (NAEMSP)

11:25-11:50am **Staging a Coupe' Dilettante --- an On-Dais Assembly of Rapid-Answering Raptors and Heavy Clappers: <<<<**
The Metro Med Directors and Friends Rise Up on the Risers

11:50 to Noon **Traditional Annual Honors & Recognitions --- Michael K. Copass and Corey M. Slovis Awards**
and a SPECIAL SALUTE to Dr. Michael K. Copass from Dr Leonard D. Hudson, Terry Valenzuela, others
Drs. Pepe, Antevy, Augustine, Slovis, Hudson, & Candace Pineda (GBC) & a few Others

Noon to 1:00p **LUNCH with the BUNCH**

Friday Afternoon, June 16, 2023

Pain and Palliative Care in EMS: *Why EMS Has to Take Another Deeper Dive on the Hospice and Pain Lane*

1:00-1:10 pm **Hospice Hospitality & Practicality: Why Does EMS Need to Become More Closely Aligned with Hospice and Palliative Care..**
... and Can Pain Be Well-Managed Without Opiates?
Benjamin W. Weston, MD, MPH (Milwaukee) and Randy S. Katz, DO (Hollywood)

Incendiary Remarks: *What Are Some of the Latest Discussions in Fires and Fire-Related EMS Response*

1:15-1:30pm **Assaulting Batteries: How Lithium Batteries Have Flared Up on E-Bikes Creating Bad Hallway Fires and Trapped Persons in NYC**
Glenn H. Asaeda, MD (New York City)
A Cool Approach: Using 20-CRW to Assuage Burns
Kevin E. Mackey, MD (Sacramento)
Rehabbing Rehab: Two Thousand and Twenty Three Ways to Manage Fire Ground Rescue
Robert B. Dunne, MD (Detroit)

Minding the Mind of EMS – *Follow-Up Surveys, Training in Mental Well-Being for EMS*

1:35-1:50pm **Part One: Surveying the Survey: What Did a Longitudinal Behavioral Health Study of EMS Personnel Reveal?**
Robert P. Holman, MD (Washington, DC)
Part Two: Assessing the Mental Well-Being of EMS Crews: How the D.C. Survey Apply to New Orleans “3rd Service” ?
Megan C. Marino, MD (New Orleans)
Part Three: Managing the Well-Being of EMS Crews: What Did Lee County (FL) Do to Help Their Crews?
James J. Augustine, MD (New Orleans)

1:50-2:00pm **Is Anger Really a 4-Letter Word? Delicately Dealing with Difficult Dilemmas, Dubious Diagnoses, and “Don’t Wanna-Go’s” ?**
Jeffrey M. Goodloe, MD (OKC & Tulsa)
Assimilating Conflagration into Similar Simulation:
Can We Use the SIM Lab for Training in Conflict Resolution, Anger Management, and Other Difficult or Challenging Situations?
Robert P. Holman, MD (Washington, DC)

Back to the Basics – *Salvaging Crew Morale Post-COVID Through Modified System Configurations*

2:05-2:35pm **Therapeutics for Significant Staff Inflections: What’s the Multi-Component Approach to EMS Staff Shortages in the Rose City?**
Jonathan Jui, MD, MPH (Portland)
Improving Appropriate 9-1-1 Response with Great Dispatch:
What’s the Fort Worth / Tarrant County Experience to Date with Augmented BLS Response Components ?
Jeffrey Jarvis, MD (Fort Worth)
Hybridizing Detroit Wheels: Can Private Agencies Be Used to Offload 9-1-1 Volume Load and Increase Paramedic Availability?
Robert B. Dunne, MD (Detroit)
A BLS Rally in Raleigh: What Has Raleigh and Wake County Learned from their Successful Tiering Experience?
José G. Cabañas, MD, MPH (Raleigh/NAEMSP)
The Top Topical Topic Across All Topographies: Time to Tier ALS to BLS
Edward M. Racht, MD (GMR)

2:30-2:40pm **Advancing Through the Basics: Impressive Results, Better Morale and Better Care**
Jeffrey M. Goodloe, MD (OKC & Tulsa)

2:40-2:55 pm **Panel --- Led by Rusty Nayles, MD** (with “Sorry You Weren’t Also Here” Salutes to Drs. Persse, Bronsky, and Kumar)

3:00-3:25pm **TAKE A BREAK** – 1200 Billion Nanoseconds for Last Minute “Great Seeing Ya” Exchanges and “See Ya Next Year” Exclamations

Treating the Chronic Disease: *Challenged By The Ever-Escalating Drug Epidemic, EMS Responds to the Challenge !*

3:30-4:00pm **Pre-ED ID of the Pedi OD: How Has the Explosion of Fentanyl Use in New Mexico Affected Young Children – and EMS Protocols ?**
Kimberly M. Prueett, MD (Albuquerque)
Vetting the Vet-Drug: How Has the Explosion of Xylazine Use Affected EMS and OD Management ?
C. Crawford Mechem, MD, MS (Philadelphia)
Disarming the Harm: How Has the Alamo City Approached the Opioid Epidemic ?
David A. Miramontes, MD (San Antonio)
Putting Out the Welcomed M.A.T.: Can Medication-Assisted-Treatment Be Provided Out-of-Hospital?
Randy S. Katz, DO (Hollywood)
Reaching the CORE of the Matter: Could a Statewide Coordinated Opioid Recovery Program Be Facilitated By EMS ?
Kenneth A. Schepke, MD (Florida Department of Health)

Dazed and Confused – *More Thoughts on Managing Behavioral Health Emergencies*

4:05-4:20pm **The 4-1-1’s & 6-1-1’s on 9-1-1 BHEs: Multi-Disciplinary Approaches to Behavioral Health Emergencies Impacting EMS**
Robert B. Dunne, MD (Detroit)
EMS Getting Psyched-In: How is the City of Brotherly of Love Is Delivering Mental Health and Psychiatric Emergency Services?
C. Crawford Mechem, MD (Detroit)

4:20-5:00pm **The Eagles Gather and Chatter: with Q&A and Follow-up with the Audience**
The Eagles Light It Up with Lightning-Like Responses

5:00 PM ADJOURNMENT

*** SEE YOU NEXT YEAR for *The Show That Never Ends...* **EMS STATE OF THE SCIENCE**
